Day 2

Your guide will meet you at 9am this morning for a fun and informative tour of Broken Hill and the nearby Ghost Town of Silverton, made famous by the Mad Max movies.

Tour the city and learn the interesting story behind the history of Broken Hill. Observe the unique architecture and see many of the Silver Cities landmarks. Afterwards we continue onto the iconic Silverton. Located 25 kilometres from Broken Hill and with a population of just 50, it would be easy to say that this small town is of no significance though Silverton supports a strong local arts community and is still the site for many films.

Meet the locals and enjoy what makes Silverton so unique in Australia's history and enjoy lunch at the famous Silverton Hotel.

Afterwards, we continue exploring the local area and meeting the characters before returning to your hotel by around 5pm.

Day 3

The morning is yours to enjoy today. Start with a hearty outback breakfast before continuing to explore the local area. Maybe take a walk to the nearby JP Keenan Lookout for a bird's eye view of the town.

Your guide will meet you just after lunch today. This afternoon we have arranged a wonderful heritage and artisan tour of Broken Hill, learning about the many artists that have called Broken Hill home.

The most famous Australian Artist is Pro Hart. We visit his gallery and see an amazing collection of his works including a custom painted Rolls Royce. Continue exploring the local art scene before heading out to The Broken Hill Sculpture and Living Desert Sanctuary. Located on an escarpment overlooking the town, the Desert Sanctuary sits on 2400 hectares of ancient land. Your guide will lead you around the sculpture trail, observing the unique sandstone sculptures and learning of their history and aboriginal significance.
