Enjoy a full day tour with Australian Luxury Escapes to Barossa Valley. There are many wine tasting regions in Australia but you will find this area is especially unique. The combination of a rich European heritage and the fresh vitality of Australia is embodied in the lifestyle of the Barossa. The peaceful rural setting hides many treasures such as magnificent old churches, wineries and historic cottages. After leaving the city centre head north over the Torrens River and into the Torrens Gorge. Covering 400 square kilometres, this area is renowned for its unspoiled beauty and quaint country towns. Passing by beautiful stone buildings and Australian countryside, you may be lucky enough to see kangaroos, koalas and emus grazing near the roadside and tress.

Arriving in the historic township of Tanunda, visit the local bakery for morning tea. Next arrive at Menglers Hill Lookout, which offers fantastic panoramic views and photo opportunities of the Barossa Valley. Moving into the Eden Valley, one of the highlights is a visit to Yalumba, which is Australia's oldest family owned winery. Day Three

Regale the city of churches. If there is a more charming capital city in Australia we are yet to discover it. Often referred to as a large country town, the state's capital Adelaide, is well known for her collection of beautiful churches. Today you will find out allot more about Adelaide than just her religious antiquities. Discover Victoria Square.

Eight acres in extent, it was laid out as the principal square of Colonel Light's plan of Adelaide in March 1837. He refers to it on his first map as 'the great square'. The centre of attraction in VS is the General Post Office, an impressive building with an elaborate main hall and a clock tower. From here we head North West and towards Parliament House. This classical building with its majestic marble columns is a beautiful example of nineteenth century architecture. We make the short journey to Morphett St Bridge, then stroll north up the hill, walking away from the city for some amazing photos of the Adelaide sky line, and also views of the grandstands of the Adelaide Oval. Time permitting we may also visit the Adelaide Central Market, Australia's longest running market.

Lunch today is at the nearby d'Arenburg Winery at McLaren Vale famous for the Cube Building. Their restaurant, d'Arry's, is housed in a restored 19th century homestead, where spectacular views of the rolling hill and vineyards sets the scene for a long leisurely lunch. Sit back and enjoy.
